## Relevant Work Experience:

### Intern for Crispin Porter + Bogusky

CP+B (2009 & 2010 Summer)  
Front End/Standards Development as well as some Objective C. Worked individually as well as on teams on major projects such as the new cpbgroup.com, BRAMMO motorcycles, as well as several other concepts for other clients.

### Intern for R/GA

R/GA (2008 Summer)  
Primarily front end development using javascript. Worked on team to finish metrix placement on Johnson and Johnson websites.

### Web Developer for Gollisano College of Computing and Information Sciences(RIT)

GCCIS(2009-2010)  
Worked primarily design of folders and promotional pieces. Also worked with a CMS to maintain all most of the websites of GCCIS.

### Student Web Developer for www.fredonia.edu

SUNY Fredonia (2007-2008)  
Assisted with the transferring of the Fredonia State Website to a new look and format (using primarily HTML with some ASP .NET) Collaborated with others, including professors, to help migrate the site to the new format.
